ANNOUNCEMENTS

1. FEAST OF ST. VLADIMIR

St. Vladimir was a pagan who worshipped the forces of nature, being also a man of particular cruelty. But the Lord saw a great spiritual future in him, and enlightened him. Prince Vladimir found Christ the Savior, was born again in the spirit, and brought the true faith to his people. Holy Prince Vladimir, you were like a merchant in search of fine pearls. By sending servants to Constantinople, you found Christ, the priceless pearl. He appointed you to be another Paul, washing away in baptism your physical and spiritual blindness. We celebrate your memory, asking you to pray for us, your spiritual Children.

Authority of the Council - Authority of the Church

The authority of the Councils is based also on their ecclesiological grounding. A council is not an independent, autonomous body, additional, coming from outside, acting unilaterally. It is not the product of accidental circumstances in history and imposed afterwards. It is closely, or rather organically, related with the very essence of the Church. This body of Christ is a living organism, destined to grow, to face difficulties during this process, to be implanted in other regions of the world needing inculturalization and a certain adaptation.

Such embodiment and multifaceted ministry creates problems, tensions, even divisions and in spite of the good will of the local

bishop and pastors, the convocation of as a major assembly is considered as a natural instrument, salutary and indispensable.

The official voice of the catholicity and the koinonia of all the other sister churches, in harmony and guided by the Spirit, would only provide the new assessments, possible remedies and solutions. The functioning of such a council was such that the opinions and requests at issue found expression from the very womb of the Church. Once the decision was made, the people had a part in receiving it and publicizing it (Acts 15:22) as is seen in the first assembly of Jerusalem.

Metropolitan Emilianos
